- eLeaP makes training, fun, painless and rewarding

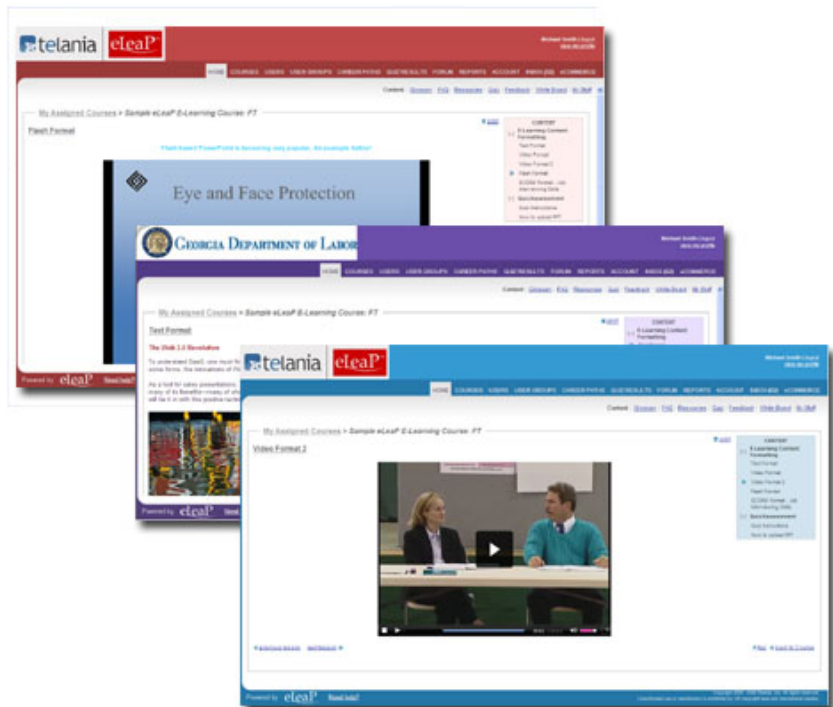

eLeaP™ Learning Management System (LMS/LCMS) is a complete, secure, web-based training and learning solution that employs a simple user interface. This way both technical and non-technical training managers can easily create, manage, and track interactive training courses and learning programs for all levels of users.

The eLeaP™ LMS is designed to fit any organization size. With it you will have the sophistication favored by big companies. Yet, you can enjoy the flexibility, simplicity and customization of a system that will not overwhelm or financially drain smaller organizations.

eLeaP™ is available and delivered online. Therefore you do not have to install complex programs, invest huge amounts in hardware and software or hire or maintain an expensive IT department. Your custom and secure learning site can be deployed in less than 8 minutes. You can begin creating and deploying training immediately -- at a fraction of the cost of traditional methods. According to ASTD it costs \$1273/year to train one employee. eLeaP™ only costs \$12/year** to train one employee!

Training/ Learning Delivered Anywhere, Anytime, Anyhow

Use eLeaP™ to deliver personalized learning and training to your entire organization. Whether you are a global enterprise or local operation, you can leverage the power, simplicity, and scalability of eLeaP™ to connect your customers, partners, and employees in a seamless self-service learning portal. Knowledge and learning can now be delivered instantly to everyone, anywhere in your organization.

A Simple, Easy to Use, and Secure Solution

Do you need a cost effective learning and training solution? Does the idea of purchasing expensive hardware and installing complicated software turn you off?

If you answered YES to these questions, eLeaP™ is the solution for you. With eLeaP™ you can be up and running in fewer 8 minutes, deploying your training courses in less than 24 hours. Peek Under the Hood

The eLeaP™ Learning Management System is built using the most robust Linux/Unix components. The system employs advanced AJAX technology and Rich Internet Applications to deliver a true enhanced multimedia experience.

Our database runs on 256-Bit encryption technology and is robust, scalable and unbreakable. Our computers containing the software application and your data are housed in secure, world-class professionally run facilities.

Technical Requirements

To access your custom learning and training system, you and your learners will need the latest browser versions (Internet Explorer 5.5, FireFox 1.0 or better). For multimedia presentations you might need Macromedia Flash (98% of browsers have Flash preinstalled)

To recap...

eLeaP™ Learning Management System makes creating, delivering, managing and tracking online training and learning easy and cost effective.

"I added nearly 30 modules pretty quickly, but am now back in the development phase of some new training. The response has been positive to using eLeaP from employees at all levels.

Chris Crews
Training Manager, SkyeTec University

Thank you for all you help. I'm really pleased with how easy it is to set up courses, upload content and assign users in eLeaP.

Nicole Sowers
CHAMP Software, Inc.

eLeaP is a GREAT site--I really am enjoying setting up courses, etc. in it and I think it is a wonderful tool for our customers. Kudos!
