TRAINING MANAGEMENT SYSTEMS  
ECOMMERCE SYSTEMS**

eLeaP™ Learning Management System (LMS/LCMS) is a complete, secure, web-based training and learning solution that employs a simple user interface. This way both technical and non-technical training managers can easily create, manage, and track interactive training courses and learning programs for all levels of users.

The eLeaP™ LMS is designed to fit any organization size. With it you will have the sophistication favored by big companies. Yet, you can enjoy the flexibility, simplicity and customization of a system that will not overwhelm or financially drain smaller organizations.

eLeaP™ is available and delivered online. Therefore you do not have to install complex programs, invest huge amounts in hardware and software or hire or maintain an expensive IT department. Your custom and secure learning site can be deployed in less than 2 minutes. You can begin creating and deploying training immediately -- at a fraction of the cost of traditional methods. According to ASTD it costs \$1273/year to train one employee. eLeaP™ only costs \$12/year\*\* to train one employee!

**Training/ Learning Delivered Anywhere, Anytime, Anyhow**

Use eLeaP™ to deliver personalized learning and training to your entire organization. Whether you are a global enterprise or local operation, you can leverage the power, simplicity, and scalability of eLeaP™ to connect your customers, partners, and employees in a seamless self-service learning portal. Knowledge and learning can now be delivered instantly to everyone, anywhere in your organization.
