

LEARNING MANAGEMENT SOLUTIONS ECOMMERCE SYSTEMS

eLeaP™ Learning Management System (LMS/LCMS) is a complete, secure, web-based training and learning solution that employs a simple user interface. This way both technical and non-technical training managers and professionals can easily create, manage, and track interactive training courses and learning programs for all levels of users.

The eLeaP™ LMS is designed to fit any organization size. With it you will have the sophistication favored by big companies. Yet, you can enjoy the flexibility, simplicity and customization of a system that will not overwhelm or financially drain smaller organizations.

eLeaP™ is available and delivered online. Therefore you do not have to install complex programs, invest huge amounts in hardware and software or hire or maintain an expensive IT department. Your custom and secure learning site can be deployed in less than 8 minutes. You can begin creating and deploying training immediately.

eLeaP eCommerce enables any organization to turn their e-courses into on-demand, products for sale on the Internet.
