What Makes eLeaP the Leading LMS Solution?

eLeaP transforms learning, simplifies compliance, and drives organizational outcomes across industries.

Intuitive Interface

Easy to use for all user levels.

Flexible Course Creation

Build custom courses with advanced tools including AI Assistant.

Compliance & Certification

Manage continuing education, certification, and industry compliance effortlessly.

Scalable & Customizable

Adapt the system to your organization's size and needs.

Advanced Reporting & Analytics

Real-time insights for informed decision-making.

Course Creation & Management

Easily create, organize, and manage courses, learning paths.

Create Courses Your Way

Create standard, observation assessment, and gradable/non-gradable courses. AI Assistant.

Custom Course Settings

E-Signatures, self-enrollment, lesson locking, completion deadlines, and recurring assignments.

Interactive Learning Content

Upload videos, SCORM files, documents (PDF, Word, PPTX), YouTube/Vimeo embeds, and more.

Engagement Tools

Feedback forms, discussions, notifications, quizzes, and certificates.

Customized Learning Paths

Multi-modal delivery for courses using customized learning paths.

User Roles & Permissions

eLeaP supports different roles with tailored permissions to manage learning effectively.

Admins

Full access to course management, user creation, reporting, and integrations.

Instructors

Manage courses, users, and learning paths. Collaborate on content creation.

Coordinators

Oversee assigned users, groups and ensure progress through reporting.

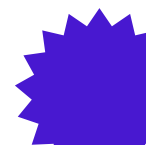

Managers

Assign courses, monitor progress, and manage groups of users.

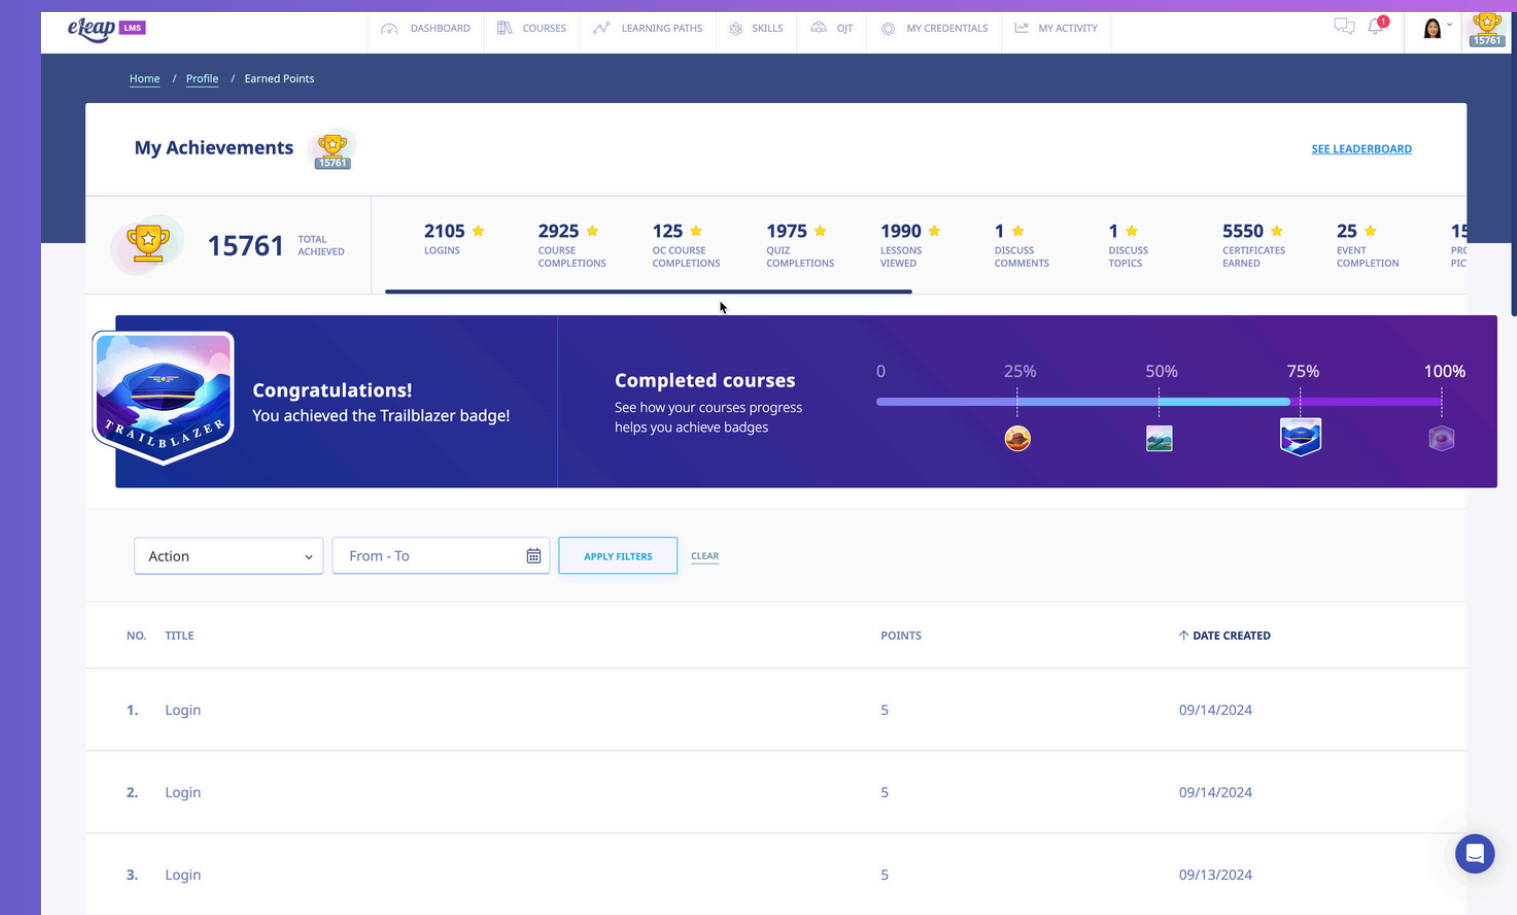

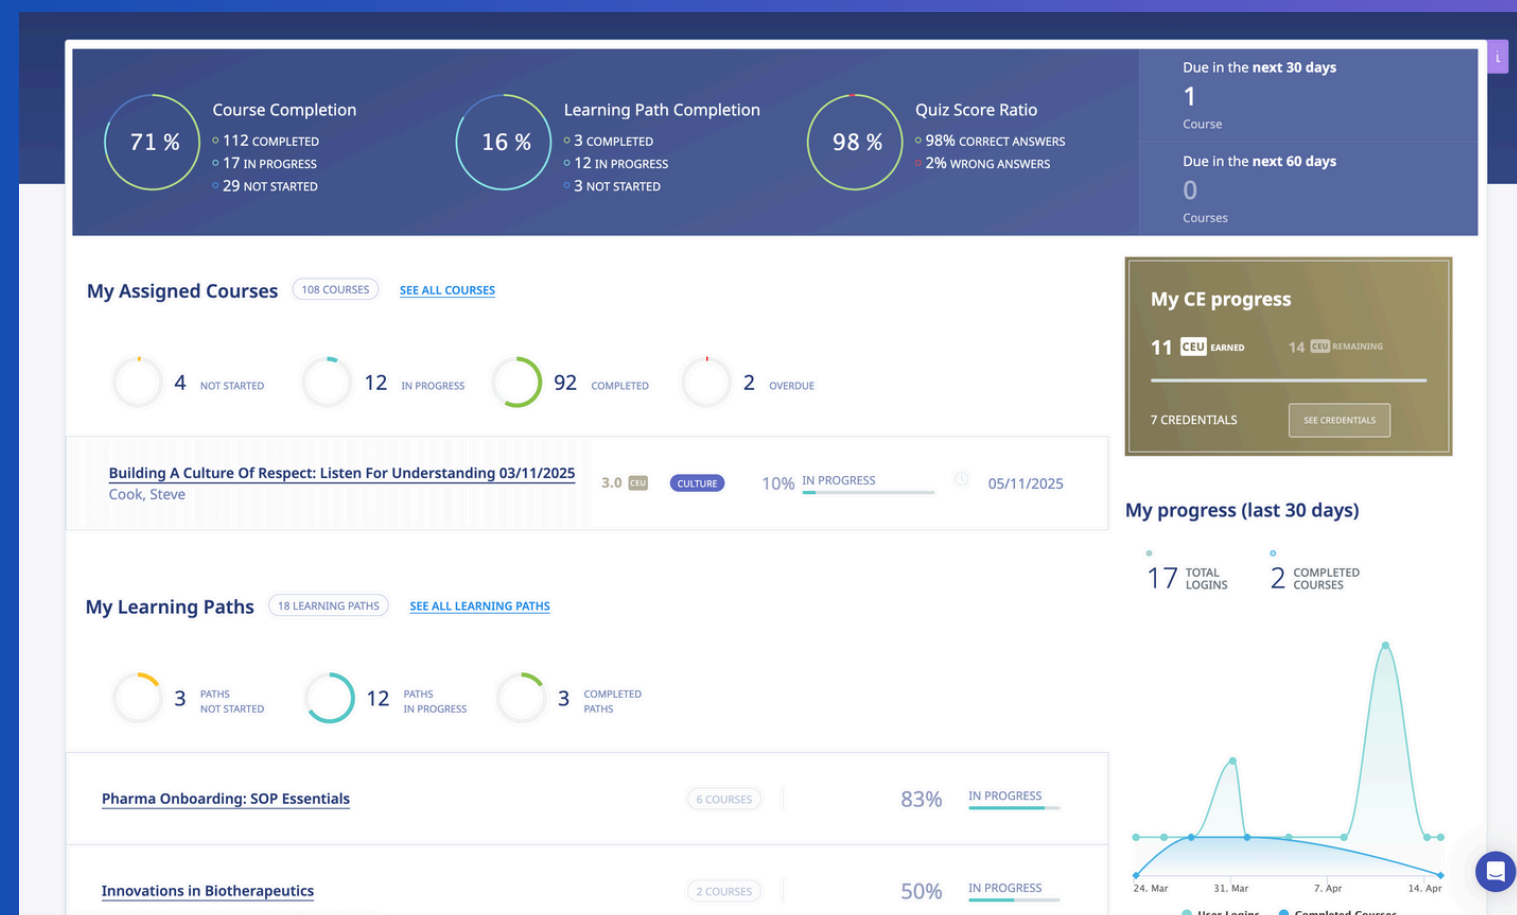

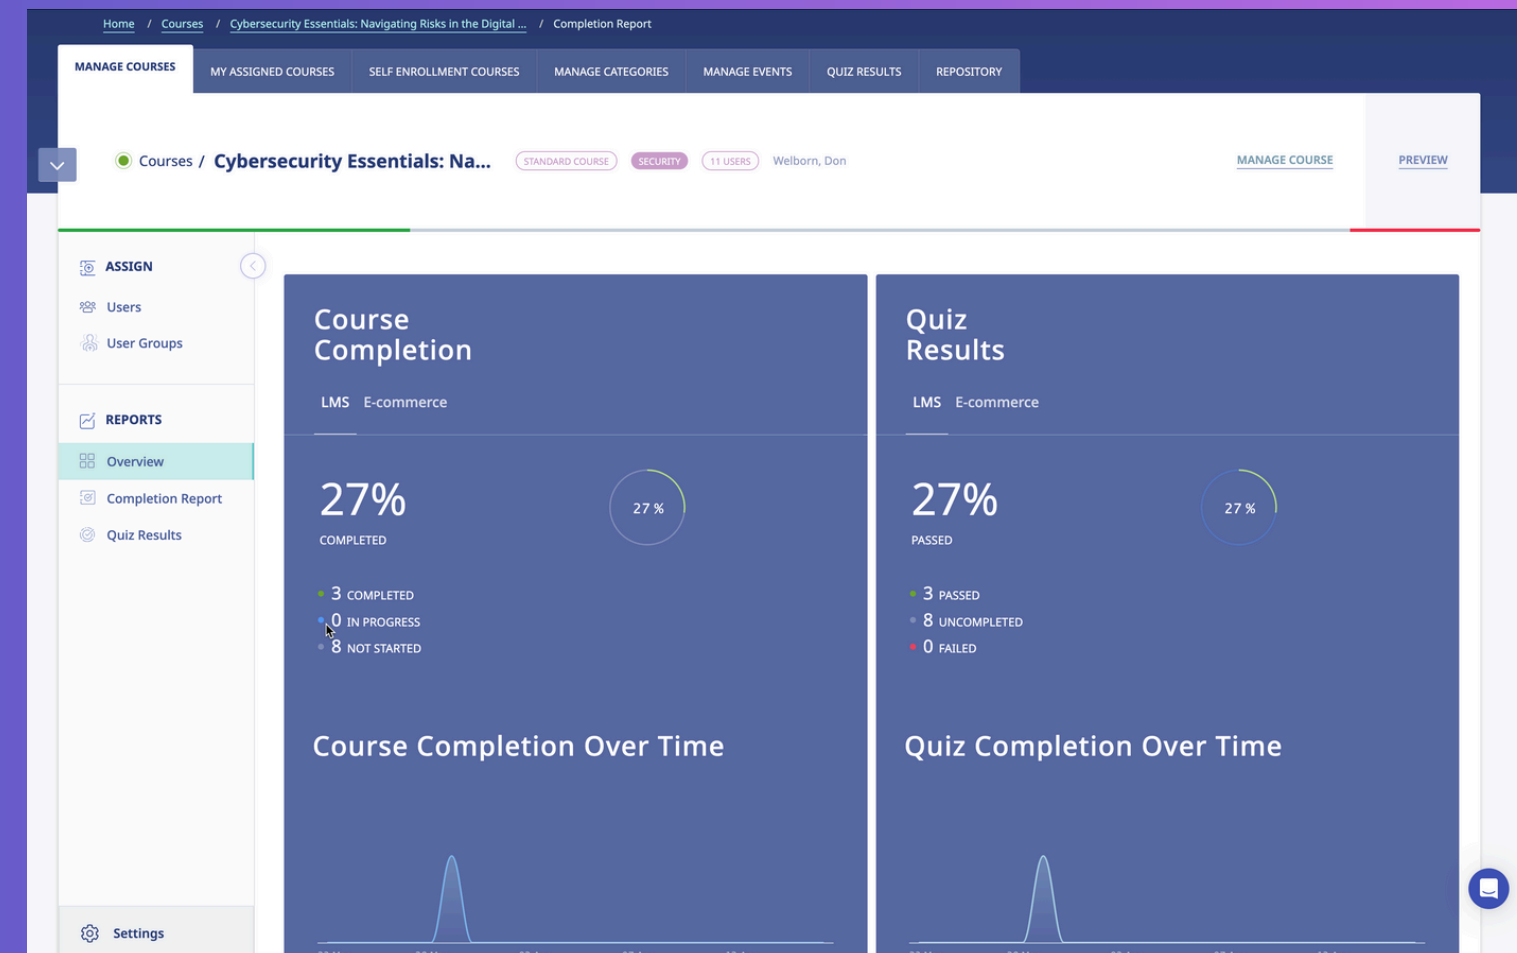

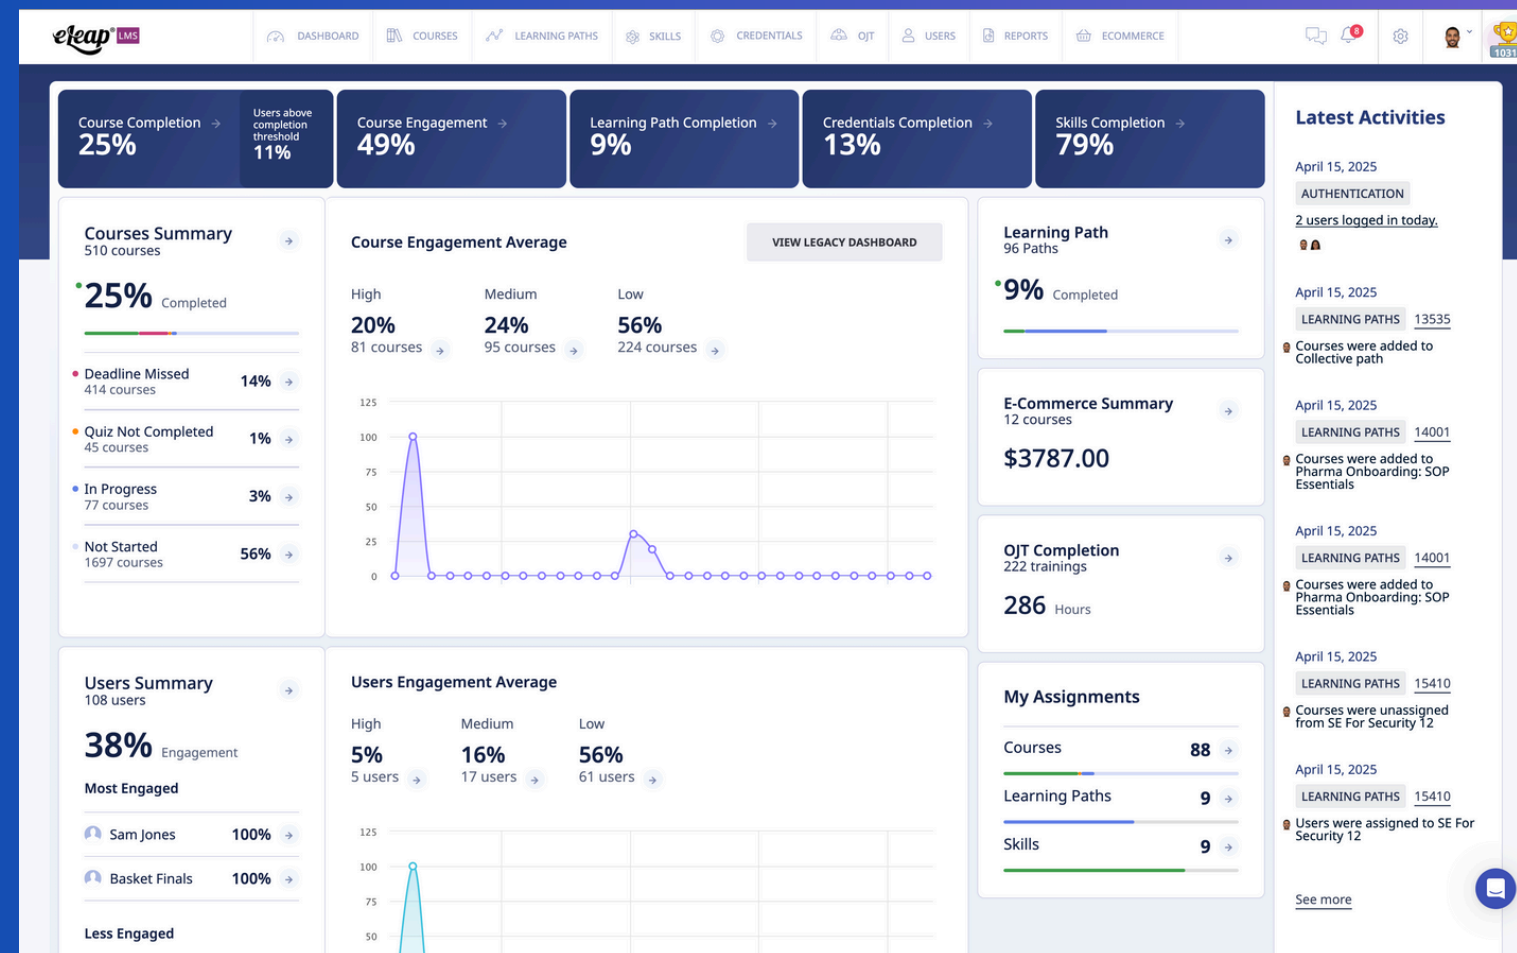

Supervisors

Perform observation checklists, manage OJT, and ensure team compliance.

Trainees/Users

Engage with assigned courses, track personal progress, and achieve certifications.

Get a live session with an eLeaP solutions advisor.

Assessments, Quizzes, & Certification

Various quiz and assessment types
available to evaluate learning
outcomes effectively.

Six Types of Quiz Questions

Multiple-choice, ranking, essay, hotspot, and more including quiz import template.

Customizable Quiz Settings

Randomize questions, control retries, set passing scores, and provide feedback.

Certifications

Customize certifications including release conditions.

Continuing Education

Customize and track credentials, CEUs, including renewals, reminders.

Observation Assessments

Deploy and track observation assessments, checklists using supervisors, managers, more.

Observation Assessment of Bolton, James Jane

START ASSESSMENT

Description

The Contractor Site Observation Checklist is designed to provide an indication of contractor WHS conformance to safe work practices. It is not intended to be an extensive checklist and the Contract Supervisor should make relevant comments about Health & Safety matters not in this checklist.

Observation Checklist

Are work areas barricaded to prevent unauthorised access?

No

Yes

N/A

Is the work area free from rubbish and obstructions?

No

Yes

N/A

How well are building materials/tools stored within the confines of work area or in an agreed location?

N/A

Get a live session with an eLeaP solutions advisor.

Reporting & Analytics – Data-Driven Learning Decisions

eLeaP's advanced reporting features provide organizations with the data they need to track and improve learning outcomes.

Comprehensive Reports

Course completion, non-completion, user progress, quiz results, and more.

Customizable Scheduled Reports

Automatically receive detailed reports via email on a set schedule (daily, weekly, monthly).

Learning Path Completion Reports

Analyze progress for grouped courses, identify bottlenecks, and track certifications earned.

Engagement & Interaction Reports

Measure engagement through feedback forms, discussion participation, and quiz interaction rates.

Actionable Data

Download and analyze reports to drive improvements in learning programs.

Enterprise-Grade Features and Integrations

eLeaP supports enterprise customers with advanced features and integrations.

Enterprise Account Management

Manage multiple departments, divisions, or clients with separate accounts, each with customizable branding and reporting.

Learner Registration & Approval

Flexible learner registration and approval processes, to ensure efficiency and control.

Single Sign-On (SSO)

Integrate with Azure, Okta, Google, and OneLogin, more for seamless user login.

API & Webhooks

Build custom integrations with third-party tools like HRIS, Slack and eCommerce platforms.

Skills & Competency Management

Track and manage skills, certifications, and OJT with integrated dashboards.

Compliance-Ready for Regulated Industries

Powers industries with strict regulatory requirements like healthcare, manufacturing, life sciences, aviation and more.

FDA 21 CFR Part 11, ISO 13485 Compliance

Trusted by life sciences organizations to meet strict compliance requirements.

FAA 14 CFR Parts 145, 135, 61, 91, more

Track and manage certifications to ensure compliance with the FAA's recertification timelines.

Audit-Ready Reporting

Generate and maintain comprehensive audit trails, tracking user actions, course completions, and assessments.

Regulatory Training

Create and manage courses that align with safety and operational standards, ensuring all learners receive compliant, up-to-date instruction.

CERTIFICATE
OF VALIDATION

As a responsible Validation Consultant, I hereby certify that the latest version (V5+) of Telania, LLC’s eLeaP Learning Management System software, has been fully validated to operate per written product specifications. This validation was conducted utilizing several controlled test protocols, which challenged the data transfer, data reduction and instrument interface functionality as required by 21 CFR Part 11. The integrity of the Microsoft® Excel spreadsheet data transfer and operation was also validated. Additionally, the Electronic Signature aspects of the eLeaP software (by Telania, LLC.) were fully validated.

This document certifies that eLeaP Learning Management System qualifies for its intended use in production environment.
